Parent Involvement Plan for Shared Success

School Plan for Shared Student Achievement

What is it? This is a plan that describes how Pepperell Primary will provide opportunities to improve parent engagement to support student learning. Pepperell Primary values the contributions and involvement of parents in order to establish an equal partnership for the common goal of improving student achievement. This plan describes the different ways that Pepperell Primary will support parent engagement and how parents can help plan and participate in activities and events to promote student learning at school and at home.

How is it developed? Pepperell Primary School welcomes parent input and comments at any time regarding the plan. All parent feedback will be used to revise the plan for next year. The plan is posted on our school website for parents to view and post feedback throughout the year. We also distribute an annual survey to ask parents for their suggestions on the plan and the use of funds for parent involvement.

Who is it for? All students participating in the Title I, Part A program, and their families, are encouraged and invited to fully participate in the opportunities described in this plan. Pepperell Primary will provide full opportunity for the participation of parents with limited English, parents with disabilities and parents of migratory children.

Where is it available? At the beginning of the year, a copy of the plan will be sent home to all parents. Parents can also retrieve a copy of the plan on the school website or by requesting a copy from the school front office.

What is Title I?

Pepperell Primary is identified as a Title I school as part of the Elementary and Secondary Education Act of 1965 (ESEA). Title I is designed to support state and local school reform efforts tied to challenging state academic standards in order to reinforce and enhance efforts to improve teaching and learning for students. Title I programs must be based on effective means of improving student achievement and include strategies to support parental involvement. All Title I schools must jointly develop with all parents a written parental involvement policy.

The Board of Education sets goals for the entire district. The district goals for 2015-2016 are:

Goal 1 Implement “**Destination Graduation...for every child**”

Goal 2 Increase the graduation rate for all students.

Goal 3 Foster communication between parents, students, school, and community.

Pepperell Primary School administrators and teachers have studied our student performance data to determine the most important areas of improvement for our school.

Our school improvement plan addresses our goals and action plan in the following areas:

-  Promote “**Destination Graduation...for every child**”
-  Increase the number of second grade students achieving a Lexile level of 500 or greater.
-  Increase the overall CCRPI results.

The Pepperell Primary School Improvement Plan can be accessed at www.pepperellprimary.com, the district website or by request from the school office.

Pepperell Primary: Where School and Community are One!

Pepperell Primary will take the following measures to promote and support parents as an important foundation of the school in order to strengthen the school and reach our school goals. We will...

- ✘ Ensure that all information related to school and parent programs, meetings, and other activities is available in both English, Spanish, and included in the school newsletter, school website, and/or by a school call.
- ✘ Provide staff development on parent involvement practices and effective strategies for communicating and building partnerships with parents.
- ✘ Partner with Bright from the Start programs to share school information about parent engagement activities that will help prepare parents and their child for kindergarten and improve school transition.
- ✘ Share information in multiple languages as needed in the school newsletter and classroom memos as well as parent conferences. This allows parents to understand the school's academic standards and assessments as well as the way parents can monitor their child's progress and work with educators.
- ✘ Communicate with all families and the community on a regular basis regarding school-wide events and activities through the use of phone messages, social media, website, and fliers.
- ✘ Survey parents to develop relevant trainings and helpful presentations on the importance of parental involvement.
- ✘ Provide necessary materials for parents at conferences, meetings, and activities to help parents work with their child to improve their child's achievement.
- ✘ Collaborate with community leaders and business groups to increase participation and awareness of the school parental involvement plan and activities.
- ✘ Listen and respond to parents' requests for additional support for parental involvement activities.
